MEMORANDUM FOR Mr. Chris Howard
Opti-Blast, Inc.
4032 N. Jackson St.
Jacksonville, Texas 75766

FROM: AFLCMC/EZP
2145 Monahan Way, Bldg 28, Room 134
WPAFB, OH 45433

SUBJECT: Extension of Approval of Opti-Blast, Inc. Type V Plastic Media

1. The Air Force Corrosion Prevention and Control Office has the responsibility for maintaining the list of qualified suppliers conforming to MIL-P-85891A under a joint Memorandum of Agreement with all federal organizations. In anticipation of release of an updated MIL-P-85891A, our office is extending the approval of the current list of qualified suppliers to August 2018.
2. In the interim, this letter is provided to Opti-Blast, Inc. to indicate that their Type V plastic media has passed the MIL-P-85891A first article testing (completed July 2014), and is **approved** for use until **July 2018** unless removed earlier for non-conformance. At that time, Opti-Blast, Inc. will be required to supply our office with a new third party, first article test report per the newest version of MIL-P-85891A. To remain on this MIL-P-85891 list of qualified suppliers, manufacturers must **requalify their product as required in MIL-P-85891A, unless required earlier** from the date of this approval letter. Failure to re-qualify will be sufficient justification for removal from T.O. 1-1-8 and/or the MIL-P-85891A list of qualified suppliers. Our office has forwarded your extension to the MIL-P-85891A list of qualified suppliers by email to the General Services Administration with the same date as your letter.
3. Should you have questions or require additional information, please contact our POCs Mr. Bill Hoogsteden, AFRL/RXSS, Comm (937) 656-4223, DSN 986-4223, email william.hoogsteden@us.af.mil or Mr. Dave Ellicks, AFLCMC/EZPT-CPCO, Comm (478) 926-7701, DSN 468-7701, email david.ellicks@us.af.mil.
